W2 Work

W2 Work

PRODUCT DESCRIPTION

Precise light, always close at hand: The Ledlenser W2 Work is an alkaline-battery-powered pen and test light for tradespeople, construction workers and anyone in need of a reliable light in miniature format. The superior Ledlenser light quality ensures precise illumination – either via wide-area flood light or via spotlight LED in the lamp head. The W2 Work can easily be attached to breast pockets using a clip. Other clever features include a nubbed surface for a strong grip, a handy transport lock and a low battery warning function. Two AAA batteries make for a reliable and easy energy supply.

- Compact test light with two light sources for wide-area (flood) or spot illumination
- Premium light beam for precise illumination
- Robust plastic housing with non-slip surface structure and handy clip
- Transport lock prevents light from being accidentally turned on
- Operation with two AAA alkaline batteries (included) or rechargeable NiMH batteries

FOOTNOTES

The information pertaining to scope of delivery, appearance, performance, dimensions and weight corresponds to the information available at the time of publication. In the interest of product development, we reserve the right to change scope of delivery, appearance, design and color without prior notice. Product images may vary from the actual products and may show optional accessories which can be purchased separately. Errors and omissions excepted.

1) Measurement values according to ANSI FL1 in the respective setting. If no setting is explicitly indicated, the values refer to luminous flux (lumens/lm) and lighting range (meters/m) on the highest setting, and to battery duration (hours/h) on the lowest setting. A boost function (if available) can be used several times, but only for short periods of time. If the light is equipped with (a) colored LED(s), the measurement values are given for the white light or the white LED. If the light has different energy modes, the measurement is made based on the "energy saving mode".
